WORK EXPERIENCE

Operational Supervisor   May 2018 – August 2018

Skyline Luge, Calgary AB

- Maximized efficiency of administrative processes by completing paperwork in a timely manner and ensuring proper filling of legal documents.
- Managed up to twelve other staff members and ensured proper site safety and efficiency were executed properly.
- Assisted in staff disciplinary actions and interviews.
- Increased staff efficiency by providing great team moral to help surpass ride record for the 2018 season.
- Evaluated employee performance, set goals, and developed improvement plans.
- Mentored and trained new staff to improve performance.

Freelance Videographer   June 2017 - August 2017

Skyline Luge, Calgary AB

- Worked with a partner to film and edit six promotional videos.
- First time experience with independent contract work.

- Videos displayed on company official sites, as well as social media accounts.
- Delivered project within scheduled deadline while maintaining Chair Operator position.
- Each project took between 15-20 hours to film and edit to completion.
- Able to overcome obstacles associated with working as part of a freelance team.
- Applied previously self-taught photography and videography skills to create a professional well-received final product. Videos can be found at https://www.facebook.com/SkylineLugeCalgary/.

Chairlift Operator   May-August, 2014-2017

Skyline Luge, Calgary AB

- Ensured efficient site operations and upholding of safety standards.
- Received 3 consecutive raises due to excelling job performance.
- Position required physically demanding work in adverse weather conditions.
- Learned how to efficiently, and clearly communicate with trying customers.
- Dealt with large volume of customers, often surpassing 5,000 visits a day, in an efficient manner.
- Considered for supervisor position during most recent employment.

CLUB ACTIVITIES

- Designing powertrain & electronics, Formula SAE   2017
- Member of the Lister Dodgeball League,   2016-2018
- Member of Engineering Computer Club,   2017-present
- Member of the UAlberta Space Exploration and Robotics   2018-present
- Member of Engineering Student Society   2016-present

EXTRA CIRICULARS

UAlberta Space Exploration and Robotics (SPEAR)

Head programmer building software that allows control and communication with a student built robotic arm. Final project will be a fully functional Mars Rover that if qualified, will compete in the *University Rover Challenge*, sponsored by The Mars Society.

Photography

A personal passion that I've explored in the past couple years. Done professional photoshoots for family and friends. Enjoy improving and learning new techniques to develop my skills.

Physical Activities

I enjoy rock climbing, mountain biking, skiing, running marathons and weight lifting. Played on club and school football and rugby teams throughout middle and high school.

OTHER INFORMATION

- Class 5 drivers license, non-gdl
